Peace. It was lovely to be reminded that so many ' Prayer Warriors' have been praying for me since I got ill.

I feel very humble and grateful that the work of the Kingdom continues in many and varied ways.

I had my last treatment last week and the doctor is pleased with progress. My bloods, ' power protein' had gone from 46 to 21 and this has remained stable the last few times I had treatment.

This was great news and it means I will be able to go back to the Philippines with renewed energy in a few months.

God Bless, Pat
